25X1 5. [] Mr. Braswell on the staff of Senate Armed Services Committee telephoned to state he had received the approval of Senator Stennis as Acting Chairman for our regulations and he was sure that as soon as Senator Saltonstall returned to town he could get his signature. I thanked Mr. Braswell for this information. ✓

25X1 7. [] In talking with Representative Lipecomb on another matter, he expressed again his appreciation for the detailed briefing provided him at the Agency recently. He stated this had been most helpful in some of the hearings where other members were raising questions about a certain item with DOD witnesses. Mr. Lipecomb stated he probably would have raised some of the questions but that he had already been provided the information through the Agency briefing.
